

LAURIE LANDRY

"A young Mary-Louise Parker with the mannerisms of Kristen Wiig"

*"Laurie is a **tremendous asset** to any project; a real joy to collaborate with."* Timothy Swaan (Director, Cinematographer – Big Brother, The Incurables, Parking Lot Productions)

*"Laurie is truly the **best of both worlds**. She is a **champion of the script and creative**, using her **humor and vulnerability** to bring depth and meaning to every role. She is also a **producer's actress: prompt, professional and precise**. The day is coming soon when I won't be able to afford her, and I will have to watch her on primetime like the rest of the country." – Steven Eddy (VP of Production at Summit Entertainment – The Twilight Saga)*
